O R D E R:-

In the reference 1st read above, Real-Time Governance Society (RTGS) was established to implement real-time governance by leveraging e-Governance, technology, and electronic communication to improve governance, enhance service delivery, empower citizens and enable real time decision making backed by data. Intelligent decision-making systems, using technologies like AI & ML, Big Data Analytics, and IoT enables proactive governance, data-driven decision making, and efficient public service delivery that adapts to citizens' needs in real time.

2. In the reference 2nd read above, the CEO, RTGS has informed that tenders were floated in respect of People Perception Hub to perform evaluation surveys solely for the schemes that are in effect and operational, and also to perform impact assessment study through Policy lifecycle. Accordingly, Letter of awards were issued to M/s Centre for Study of Developing Societies and also to M/s Axis My India and agreements were made between RTGS and vendors.

3. Stating the above, the CEO, RTGS has requested for formation of the Committee to evaluate the quality and standard of the reports submitted by both vendors engaged for the assignment and also requested for processing of vendor payments from the Grant-in-Aid head of RTGS, based on the Committee’s evaluation and recommendations.

4. The Government after careful examination of the matter here by constitute the committee with the following members to evaluate the quality and standard of the reports submitted by both vendors i.e M/s Centre for Study of Developing Societies and M/s Axis My India engaged for assessment and evaluation of Welfare Schemes and for impact assessment study through Policy lifecycle respectively, and also permitted the CEO, RTGS for processing of vendor payments from the Grant-in-Aid head of RTGS based on the Committee’s evaluation and recommendations.
